

ONVATION™

A PARTNERSHIP FEATURING

Delivering Smart Restroom Leadership

Kimberly-Clark Professional and GOJO Industries have collaborated across their technology platforms to bring you an industry-changing, innovative partnership that will transform the way you manage your restrooms.

Through this collaboration, the Onvation™ Smart Restroom Management System now features the most trusted and customer-preferred Scott® and PURELL® products. This strategic partnership integrates two best-in-class brands with leading smart sensing technology to provide a single interface where you can proactively monitor restroom conditions to reduce customer complaints and increase tenant satisfaction.

Reduce restroom-related complaints and work orders by up to

75%

Proven to deliver up to

80%

in consumable waste reduction

Backed by the brands you trust

How Does the Onvation™ System Featuring Scott® and PURELL® Brands Work?

Simple and easy-to-use, the Onvation™ Smart Restroom Management System includes:

- Low product alerts
- Low battery alerts
- Dispenser jam alerts
- Restroom traffic data

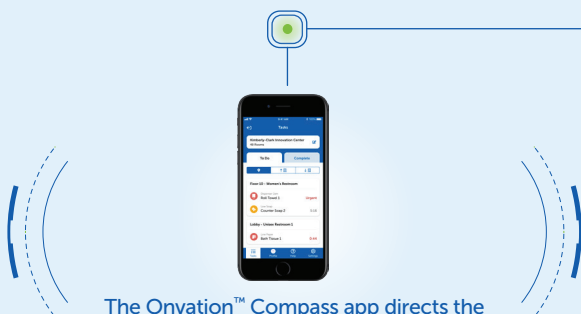

Smart sensors embedded in Scott® and PURELL® dispensers send real-time status updates regarding restroom conditions.

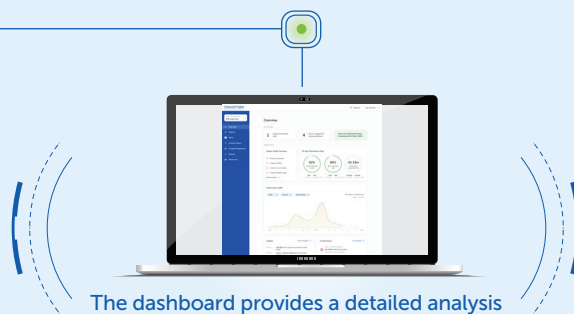

Restroom data is transmitted from dispensers to the Hub via Bluetooth and from the Hub to the Cloud via secure cellular network.

Microsoft Azure gathers and stores data.

The Onvation™ Compass app directs the cleaning staff in the most efficient path to solve impending alerts, before they become complaints.

The dashboard provides a detailed analysis of the system health, including predictions backed by advanced analytics and metrics to drive conformance and behavior change.

Onvation™ 2.0: An Evolution in Smart Restroom Technology

The 2.0 version of the Onvation™ System includes a holistic upgrade to the overall system from back-end development to front-end user experience (UX) design. These enhancements not only improve reliability, they also enable seamless integration of Scott® Pro and PURELL® dispensing systems in the Onvation™ platform – evolving the smart-restroom with trusted brands.

Hub Cellular Gateway

- High quality traffic data using heat-sensing technology
- Seamless look and installation
- One Hub per restroom, affixed to the ceiling
- Enhanced sustainability via battery elimination
- Over-the-air (OTA) programming capability

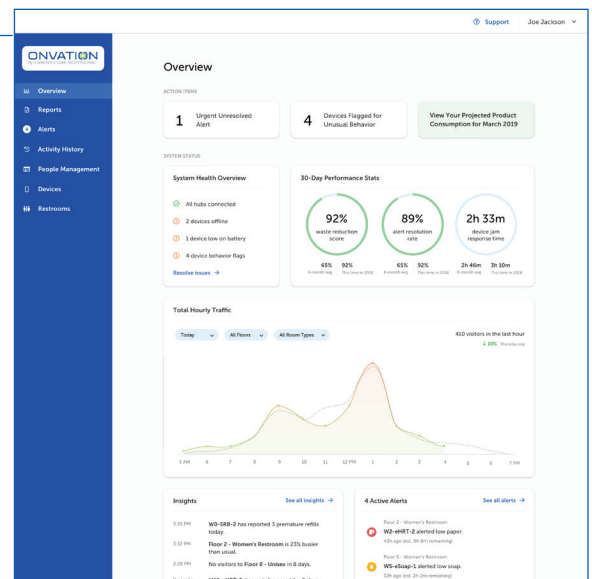

Onvation™ Compass App

- Router optimization feature empowers cleaners to manage housekeeping more efficiently
- Real-time alerts dispatched via push notifications
- Cleaner profiles track individual progress against housekeeping KPIs
- Text + Call eliminates the need for multiple devices
- Combats cleaner turnover

Onvation™ Dashboard

- Real-time monitoring of restroom traffic data
- Forward-looking product consumption projections
- Data-driven insights on traffic patterns and consumable usage
- Quick-click to restroom and device level views

With best-in-class brands and powerful, actionable insights, the Onvation™ System is constantly evolving to meet the needs of our customers. It's just one of the many reasons why the Onvation™ System is the leading smart restroom management system.
